**DECLARATION OF ALEXANDER K. CALAWAY, ESQ. IN SUPPORT OF ORDER  
SHORTENING TIME**

Alexander K. Calaway, Esq. declares as follows:

1. I am an attorney with the law firm of Marquis Aurbach Chtd. and counsel for Plaintiffs in the above-stated action. I am duly licensed to practice law in the State of Nevada and have personal knowledge of and I am competent to testify concerning the facts herein.

2. This Motion is made on an Order Shortening Time ("OST") because nominal defendant Global Tech Industries Inc. ("GTII") is currently delinquent with its filings with the U.S. Securities and Exchange Commission ("SEC") and the OTC Markets Group market exchange ("OTC").<sup>1</sup>

3. GTII's delinquent filings are required under Section 13(a) or 15(d) of the Securities Exchange Act of 1934 ("Exchange Act"), and GTII's current management, defendants David Reichman, Kathy M. Griffin, Frank Benintendo, Donald Gilbert (collectively "Management") has failed, and I am informed that Management has failed and otherwise refused to make these required disclosures. Thus, Management has put GTII at immediate, imminent risk of being delisted and potential regulatory action.

4. Plaintiffs are informed, and thereon believe, that once Management receives notice that Plaintiffs are seeking this appointment of a receiver, they will immediately transfer or encumber assets of GTII, cause GTII to issue additional shares of GTII stock to themselves or to entities they control and sell the GTII shares they have already wrongfully issued themselves – thereby further diluting the interests of Plaintiffs and GTII's other shareholders.

5. Plaintiffs are informed, and thereon believe, that Management has failed to disclose accurate and material information to the public and shareholders regarding GTII's director/officer compensation, director independence, beneficial stock ownership, and related-party transactions. Management's failure to disclose accurate information has subjected GTII to further liability under the Exchange Act.

<sup>1</sup> OTC (formerly known as Pink Sheets) is a financial market in the United States, which provides price and liquidity information for over the counter (i.e. OTC) securities.

MARQUIS AURBACH  
10001 Park Run Drive  
Las Vegas, Nevada 89145  
(702) 382-0711 FAX: (702) 382-5816

6. Plaintiffs are informed, and thereon believe, that Management has been looting GTII by transferring GTII asset and shares to themselves, all while withholding this material information from its stockholders and the public. Plaintiffs are informed, and thereon believe, that should Management continue to transfer, sell, or issue new GTII shares to themselves, or to entities they control, GTII's stockholders, including those who have acquired shares in the public market, will have their interests further diluted.

7. On the other hand, the harm – if any – suffered by GTII in being restrained temporarily from issuing and selling shares of stock, paying executive bonuses, or disposing of assets (other than in the regular course of business) pending the appointment and installation of a receiver will be negligible, measurable, and subject to remedy at law.

8. Finally, the OTC has issued a warning on GTII's public profile that GTII will be delisted if its disclosures are not made.<sup>2</sup> Plaintiffs have sent multiple demands to Management, warning them of their failures, but Management has failed and otherwise refused to take corrective action on behalf of GTII. I have also personally notified Management's counsel of this action and motion to appoint receiver on order shortening time.

9. In sum, Management has put GTII at immediate, imminent risk of being delisted by the OTC and potential regulatory action by the SEC. To avoid imminent, irreparable harm to GTII and Plaintiffs, I respectfully request that the Court hear this Motion on an Order Shortening Time and enter an *ex parte* order: (a) appointing Plaintiffs' receiver to take control of GTII, to take immediate, corrective action with respect to GTII's delinquent filings; and (b) temporarily restraining Management as further set forth herein.

6 **MEMORANDUM OF POINTS AND AUTHORITIES**

7 **I. INTRODUCTION**

8 Plaintiffs move this Court to appoint a receiver to take immediate possession and control  
9 of GTII. Management has engaged in fraud and collusion; illegal activity under the Exchange Act;  
10 caused GTII to be delinquent in its required filings; and is currently misleading investors and  
11 stockholders. Simply put, Management has put GTII at immediate, imminent risk of being delisted  
12 and potential regulatory action. Accordingly, pursuant to NRS 78.650 and NRS 30.010, Plaintiffs  
13 request that a receiver be appointed to take immediate take control of GTII, and to mitigate any  
14 further damage caused to GTII and its stockholders. Specifically, Plaintiffs respectfully request  
15 Paul Strickland ("Strickland") be appointed as receiver, who has already assembled a team of  
16 auditors, securities counsel, and other professionals to assist him with taking immediate corrective  
17 action with respect to GTII's delinquent filings.

18 Plaintiffs further move this Court for a temporary restraining order ("TRO") enjoining  
19 GTII including its subsidiaries and affiliates, from: (1) issuing or selling any additional shares of  
20 stock (common or preferred); (2) incurring any additional debt (outside of the ordinary course of  
21 business); (3) disposing of any business assets (outside of the ordinary course of business); (4)  
22 making any loans to any officer or director of GTII or any person or entity owned or controlled by  
23 any such officer or director; (5) closing, liquidating, transferring or withdrawing funds from (other  
24 than in the ordinary course of business) any bank or brokerage account; (6) paying any further  
25 bonuses to any officer or director of GTII; and (7) undertaking any other act or transaction that is  
26 not in the ordinary course of business.

1 This Motion is being made on the grounds that GTII's Management has caused GTII to  
2 become delinquent in its Exchange Act reporting, mismanaged GTII's assets, committed  
3 malfeasance, engaged in fraud, transferred GTII shares to themselves, and omitted material  
4 financial and factual information in its public disclosures to stockholders and investors. This  
5 Motion for injunctive relief and appointment of a receiver are based upon NRCP 65, NRS 78.650,  
6 NRS 32.010, the appendix of exhibits previously filed herein (hereinafter cited as "APPX"), and  
7 the arguments of counsel at the time of hearing.

8 **II. FACTUAL BACKGROUND**

9 **A. GTII AND ITS CURRENT MANAGEMENT.**

10 GTII is a Nevada Corporation that is publicly traded on the OTC market exchange under  
11 the symbol "GTII."<sup>3</sup> As of June 11, 2024, the number of GTII common stock shares outstanding  
12 is 334,112,569 shares.<sup>4</sup> Accordingly, Plaintiffs are the holders of about 55,731,408 shares of GTII  
13 common stock, representing about 17% of GTII's issued and outstanding shares.<sup>5</sup>

14 As a public traded company, GTII is required to meet reporting standards under Section  
15 13(a) or 15(d) of the Exchange Act.<sup>6</sup> Specifically, the SEC and OTC require companies like GTII  
16 to periodically disclose financial statements.<sup>7</sup> Companies like GTII are required to file, among  
17 other things, periodic financial reports, and disclosures, such as Form 10-K and Form 10-Q reports,  
18 with the SEC.<sup>8</sup> The purpose of this reporting is to keep shareholders and markets informed, and to  
19 allow investors to make informed decisions.<sup>9</sup> The accuracy of GTII's financial disclosures must  
20 be certified by GTII's Chief Executive Officer and Chief Financial Officer, Mr. Reichman. GTII's

1 financials must also be audited by an independent public accounting firm registered with the Public  
2 Company Accounting Oversight Board ("PCAOB").<sup>10</sup>

3 According to GTII's most recent Form 10-K filing, GTII's current Management team  
4 includes: David Riechman ("Reichman"), who is the Chairman of the Board, Chief Executive  
5 Officer, Chief Financial Officer, Principal Executive Officer, Principal Financial and Accounting  
6 Officer, a Director, member of the Executive Committee; Kathy Griffin ("Griffin"), who is the  
7 President, Director, member of the Executive Committee, and member of the Compensation  
8 Committee; Frank Benintendo ("Benintendo"), who is the secretary of GTII, a Director, member  
9 of the Executive Committee, and member of the Compensation Committee; and Donald Gilbert  
10 ("Gilbert"), who is a Director and member of the Executive Committee, Compensation Committee,  
11 and Audit Committee.<sup>11</sup>

12 **B. MANAGEMENT'S DELINQUENT SEC REPORTING.**

13 In April 2023, the OTC found disclosures filed by Management to contain "*recurring*  
14 *inaccuracies or concealment in disclosures related to insider transactions and beneficial*  
15 *ownership.*"<sup>12</sup> Management's reporting failures caused GTII's stock to be down listed from the  
16 "OTCQB" market to the lowest possible market, "Pink Limited Information."<sup>13</sup>

17 On March 31, 2024, Management failed to file their Form 10-Q for the quarter ending  
18 March 31, 2024 (the "Delinquent Disclosure").<sup>14</sup> Management subsequently filed SEC Form 12b-

23 <sup>13</sup> **Ex. 6**, at pg. 5. The OTC has three (3) risk levels: "OTCQX" (good), "OTCQB" (fair), and "Pink" (bad).  
24 Hofman Decl. at ¶12. Securities traded on the "OTCQX" are highly sought after by investors, because  
25 companies on this market must meet high financial standards, follow best practice corporate governance,  
26 demonstrate compliance with U.S. securities laws. *Id.* Similarly, securities traded on the "OTCQB" market  
27 are fairly sought after by investors, because companies on this market are current in their reporting and  
undergo an annual verification and management certification process. *Id.* Securities traded on the lowest  
tier, the "Pink" market, are the least sought after by investors, because the companies on this market have  
shown non-compliance with U.S. securities laws. *Id.*

25, also known as the Notification of Late Filing, wherein they represented that the company is “working to file its Quarterly Report on Form 10-Q on or before the fifth calendar day extension provided by Rule 12b-25.”<sup>15</sup> This provided the Company with an additional five (5) additional calendar days (i.e., May 20, 2024) to file the Delinquent Disclosure.<sup>16</sup>

*To date, however, Management has still failed to file the Form 10-Q as required by the SEC and OTC.<sup>17</sup> Accordingly, the OTC issued the following yield sign and “Delinquent SEC Reporting” warning on the Company’s public profile:<sup>18</sup>*

In sum, Management has put GTII in immediate, imminent danger of being delisted by the OTC, or worse, potential regulatory action by the SEC.<sup>19</sup> As such, a receiver must be immediately appointed to take corrective action on behalf of the Company.<sup>20</sup>

### C. MANAGEMENT’S ONGOING FRAUD AND CONCEALMENT.

Management has grossly mismanaged the Company by filing materially false, misleading, and incomplete SEC disclosures, as well as intentionally omitting material information from its

1 SEC disclosures.<sup>21</sup> At the outset, to facilitate their fraud, Management utilized a sham auditor, BF  
2 Borgers CPA PC and its sole audit partner, Benjamin F. Borgers CPA, to serve as the Company's  
3 PCAOB auditor (hereinafter the "Auditor").<sup>22</sup>

4 In May 2024, the SEC charged the Auditor with "*fabricating audit documentation*" and  
5 falsely stating that its "audits complied with PCAOB standards."<sup>23</sup> According to the SEC, the  
6 Company's Auditor is a "*sham audit mill*" that has put "investors and markets at risk[.]"<sup>24</sup> The  
7 Auditor facilitated Management's false representations and material omissions in GTII's Form 10-  
8 K pertaining to director/officer compensation, director independence, beneficial stock ownership,  
9 and related-party transactions.<sup>25</sup>

10 First, Management has falsely represented their own compensation and stock ownership.<sup>26</sup>  
11 In the Form 10-K, Management falsely represented that they "have not been paid bonuses" and  
12 that they have not received any "stock option awards[.]"<sup>27</sup> In reality, Management has received  
13 more than a total of more than *\$66 million dollars in compensation during the same period.*<sup>28</sup>  
14 Similarly, Management falsely represented that there was no common stock beneficially owned  
15 by GTII's directors and officers in 2022 and 2023.<sup>29</sup> Conversely, *Management held more than*  
16 *95,850,648 shares of common stock in 2022 and received more than 65,750,901 shares of*  
17 *common stock in 2023.*<sup>30</sup>

27 <sup>29</sup> *Id.* at pg. 45.

28 <sup>30</sup> Ex. 11 (APPX 000339-343).

1 Second, in the Form 10-K, Management falsely represented that GTII has “*two*  
2 *independent directors*” as defined in the Nasdaq listing standards.<sup>31</sup> Conversely, GTII has *no*  
3 *independent directors*, let alone independent directors that remotely meet the Nasdaq listing  
4 standards.

5 Third, in the Form 10-K, Management falsely represented, among other things, that “No  
6 executive officer, director or any member of these individuals’ immediate families or any  
7 corporation or organization with whom any of these individuals is an affiliate is or has been  
8 indebted to us since the beginning of our last fiscal year.” *Conversely, Management authorized*  
9 *and approved several undisclosed transactions wherein Management, as well as their family*  
10 *members, friends, affiliates, and other related parties, personally benefited.*

11 For example, some of Management’s undisclosed transactions include, without limitation:  
12 850,000 shares issued to Mr. Riechman’s *personal masseuse*; 5,251,683 shares issued to Justine  
13 Riechman, Mr. Reichman’s *daughter*; 6,001,386 shares issued to Dot 8 Inc., an entity owned by  
14 Reichman’s daughter; 3,025,000 shares issued personally to Gabriele Falanga, Mr. Reichman’s  
15 *girlfriend in Beverly Hills*; 550,000 shares issued personally to Anthony Matassa, Mr. Reichman’s  
16 *Bentley mechanic*; 2,101,550 shares issued to SF Irrevocable Trust, one of Mr. Reichman’s *family*  
17 *trusts*; 2,282,850 shares issued to Anne Frances Trust, another one of Reichman’s *family trusts*;  
18 and 21,185,503 shares issued to Hans and Rosy Epstein Memorial Committee Inc. and Epstein  
19 Memorial Charity, yet another one of Mr. Reichman’s *family trusts*.<sup>32</sup>

20 As another example, in or around May 2022, Management authorized and approved a  
21 transaction with Internet Capital Online, Inc. (“ICO”), an entity owned and/or controlled by the  
22 Company’s counsel, Warren R. Markowitz, Esq. (“Markowitz”).<sup>33</sup> In this transaction, the

26 <sup>33</sup> Ex. 13 (APPX 000353-357). Mr. Markowitz of “The Markowitz Law Firm” is listed as the Company’s  
27 Securities Counsel on GTII’s OTC Market profile. *Id.* While “The Markowitz Law Firm” maintains a  
28 business address at 7260 W Azure Dr Suite 140-1200, Las Vegas, NV 89130, Mr. Markowitz is not licensed  
to practice law in Nevada.

1 Company transferred 10,000,000 shares to ICO without any consideration, ICO then sold the  
2 Company's shares for \$2,000,000 cash, and *Mr. Markowitz and Mr. Reichman pocketed the cash*  
3 (hereinafter the "ICO Transaction").<sup>34</sup>

4 As yet another example, in or around October and November 2022, Management  
5 authorized and approved two "settlement" transactions between the Company, M. Bruk ("Bruk"),  
6 and R. Kirzhner ("Kirzhner") (collectively "BK").<sup>35</sup> In both transactions, the Company paid cash  
7 to BK, *charitable contribution[s] were made to Mr. Reichman's family trusts* by BK, and the  
8 Company received nothing in return (hereinafter the "BK Transactions").<sup>36</sup>

9 In sum, Management's fraudulent disclosures have put GTII in immediate, imminent  
10 danger of being delisted by the OTC, or worse, potential regulatory action by the SEC.<sup>37</sup>  
11 Accordingly, appointment of a receiver and issuance of a temporary restraining order is  
12 necessary.<sup>38</sup>

13 **D. MANAGEMENT'S SELF-DEALING, CONVERSION, AND WASTE.**

14 Management has grossly mismanaged the Company by personally enriching themselves at  
15 the expense of GTII and its stockholders, converting Company assets, and issuing shares to benefit  
16 themselves, family members, friends, affiliates, and other related parties.<sup>39</sup>

17 First, under current Management, GTII has experienced significant operational deficits.<sup>40</sup>  
18 In 2022, GTII reported a *net operating loss of \$13.1 million dollars*.<sup>41</sup> In 2023, GTII experienced

1 a *net loss of approximately \$83 million dollars*.<sup>42</sup> According to its last financial disclosure, *GTII*  
2 *was insolvent* as its total liabilities of \$8.3 million dollars, far exceeded its total assets of about  
3 \$1.2 million dollars.<sup>43</sup> What is worse, according to its last two (2) years of financials, GTII has  
4 generated *\$0 dollars in revenue*.<sup>44</sup> Notwithstanding these abysmal financials, Management paid  
5 themselves a staggering *\$12.6 million dollars in 2022 and \$54.6 million dollars in 2023*.<sup>45</sup>

6 According to GTII's disclosures, Management's business goal has been to increase  
7 shareholder value through the acquisition of companies with significant growth opportunities.<sup>46</sup> In  
8 reality, however, *Management's goal has been to personally enrich themselves and related*  
9 *parties at the expense of GTII and its stockholders*.<sup>47</sup>

10 Second, Management has failed to account for approximately \$4.3 million dollars of  
11 Company funds in 2023.<sup>48</sup> The Company obtained approximately \$3.2 million in proceeds from  
12 the sale of warrants, and its cash position for 2022 was \$3,320,164 dollars.<sup>49</sup> But by the end of  
13 2023, the Company's cash reserves had plummeted to \$1,238,564 dollars.<sup>50</sup> Management reports  
14 to have used all of this cash in Company operations, but they also report no revenue, no ongoing  
15 operations, and no completed acquisitions in 2023.<sup>51</sup> *In other words, Management has spent*  
16 *approximately \$4.3 million dollars in Company funds with nothing to show for it*.<sup>52</sup>

1 Third, rather than use Company funds to benefit the Company, its stockholders, or pursue  
2 the Company's stated business goals, Management has diverted the funds to benefit themselves,  
3 family members, friends, affiliates, and other related parties.<sup>53</sup> Indeed, on just January 25, 2023,  
4 Management authorized the issuance of approximately 65,750,901 common shares valued at  
5 \$98,626,351 (collectively the "January 2023 Issuances").<sup>54</sup> And as noted above, Management  
6 approved and authorized millions of issuances to Mr. Reichman's personal masseuse, his daughter,  
7 his family trusts, his girlfriend in Beverly Hills, and his Bentley mechanic.<sup>55</sup> As previously  
8 explained, Management also negotiated and approved the ICO Transaction and Bruk/Kirzhner  
9 Transactions.<sup>56</sup>

10 As another example, on or about June 11, 2024, Management announced their cancellation  
11 of 36,460,714 shares that had previously been issued as part of the January 2023 Issuances (the  
12 "Cancelled Shares").<sup>57</sup> Management admitted in the same announcement that the January 2023  
13 Issuances had been "*erroneously and inadvertently*" issued.<sup>58</sup> Amazingly, however, these  
14 Cancelled Shares only comprised approximately half of the January 2023 Issuances, did not  
15 account for all of the shares wrongfully issued to Management's family members, friends, trusts,  
16 and other related parties, and did not account for the cash diverted by Management.<sup>59</sup> In other  
17 words, Management's recent share cancellation was nothing more than a *post hoc* attempt to cover  
18 up their ongoing mismanagement, fraud, self-dealing, conversion, and waste.<sup>60</sup>

1 In sum, Management's present and far-reaching self-dealing, conversion, and waste of  
2 GTII's assets has been put GTII and its business in immediate, imminent danger.<sup>61</sup> Stockholders  
3 have made several demands on Management to take corrective action with respect to their self-

5 **E. APPOINTMENT OF A RECEIVER AND THE ISSUANCE OF A**  
6 **TEMPORARY RESTRAINING ORDER IS NECESSARY.**

7 Pursuant to NRS 78.650, a receiver is necessary to take control of GTII and mitigate any  
8 further damage to GTII by its current Management team.<sup>63</sup> As detailed herein, Management has  
9 been engaged in blatant fraud, collusion, and gross mismanagement in the conduct or control of  
10 GTII.<sup>64</sup> Management's illegal activity under the Exchange Act, delinquent SEC disclosures, and  
11 reoccurring failures in reporting have put the assets of GTII are in danger of waste, sacrifice, and  
12 loss through delisting, or worse, regulatory action by the SEC.<sup>65</sup> Accordingly, Plaintiffs  
13 respectfully requests this Court appoint a receiver to take immediate possession and control of  
14 GTII.<sup>66</sup>

15 Plaintiffs request that Mr. Strickland be appointed as receiver of GTII, who is prepared to  
16 take immediate corrective action with respect to GTII's delinquent filings.<sup>67</sup> As set forth in his  
17 declaration, Mr. Strickland is highly qualified, competent, prepared, and equipped to serve as  
18 receiver of GTII.<sup>68</sup> Mr. Strickland has two decades of international business experience within the

1 **III. LEGAL ARGUMENT**

2 **A. IMMEDIATE APPOINTMENT OF A RECEIVER IS NECESSARY TO**  
3 **TAKE CORRECTIVE ACTION WITH RESPECT TO GTII'S**  
4 **DELINQUENT DISCLOSURES.**

5 Nevada law provides for multiple mechanisms for the appointment of a receiver by a  
6 district court. NRS 78.650 provides that anyone holding ten percent (10%) of the outstanding  
7 shares of a corporation can apply to the court for a receiver, including circumstances where the  
8 directors have been guilty of fraud or where the corporation's assets are in danger of waste or lost,  
9 among other similar circumstances. Additionally, NRS 32.010(5) provides that a receiver may be  
10 appointed "when a corporation has been dissolved, or is insolvent, or in imminent danger of  
11 insolvency, or has forfeited its corporate rights." Finally, the Nevada legislature has provided for  
12 the appointment of a receiver in any case where "receivers have heretofore been appointed by the  
13 usages of the courts of equity." NRS 32.010(6).<sup>76</sup>

14 When it appears that irreparable injury will result, the appointment of a receiver is  
15 appropriate, even without notice to necessary or interested parties. *Maynard v. Railey*, 2 Nev. 313  
16 (1866). While the appointment of a receiver is generally "a harsh and extreme remedy" (*Hines v.*  
17 *Plante*, 99 Nev. 259, 261, 661 P.2d 880, 881 (1983)), "the appointment of a receiver is an action  
18 within the trial court's sound discretion and will not be disturbed absent a clear abuse." *Medical*  
19 *Device Alliance, Inc. v. Ahr*, 116 Nev. 851, 862, 8 P.3d 135, 142 (2000) (quoting *Nishon's Inc. v.*  
20 *Kendigian*, 91 Nev. 504, 505, 538 P.2d 580, 581 (1975)); see also *Peri-Gil Corp. v. Sutton*, 84  
21 Nev. 406, 411, 442 P.2d 35, 37 (1968); *Bowler v. Leonard*, 70 Nev. 370, 383, 269 P.2d 833, 839

22  
23 <sup>76</sup> As this Court is well aware, a receiver is generally appointed to take possession of property and preserve  
24 its value where it appears to the court that there is a dispute as to who should hold it. *Lynn v. Ignalls*, 100  
25 Nev. 115, 120 (1984). A receiver is, in effect, a neutral party who preserves the value of the asset within  
26 his or her possession for the benefit of whoever is subsequently determined to be entitled to it. *Id.* Again,  
27 under NRS § 32.010(6) this Court has the authority to appoint a receiver "where receivers have heretofore  
28 been appointed by the usages of the courts of equity." An early Nevada Supreme Court case explained that  
a court sitting in equity may appoint a receiver where the plaintiff is not afforded a full and adequate remedy  
at law. *Ex Rel. Nenzel v. District Court*, 49 Nev. 145, 160 (Nev. 1925) (citations omitted). This includes  
circumstances where there is corporate mismanagement, neglect, incapacity, and other wrongs by corporate  
officers. *Id.*

(1954). Here, a receiver for GTII is necessary under NRS 78.650, NRS 32.010(5), and NRS 32.010(6).

**1. Plaintiffs have standing to seek appointment of a receiver.**

First, as stated above, NRS 78.650 provides that anyone owning ten percent (10%) of the outstanding shares of a corporation can apply to the Court for a receiver. Here, Plaintiffs are the holders of owner of at least 55,731,408 shares of GTII common stock, representing at least 17% of GTII's issued and outstanding shares.<sup>77</sup> Thus, Plaintiffs unquestionably have standing to seek a receiver under NRS 78.650(1).

In addition, Plaintiffs are also entitled to a receiver to protect GTII's assets. Nevada courts have long recognized that a receiver is generally appointed to take possession of property and preserve its value where it appears to the court that neither party should hold it. *Lynn*, 100 Nev. at 120, 676 P.2d at 800-01; *see also Anes v. Crown P'ship, Inc.*, 113 Nev. 195, 199, 932 P.2d 1067, 1069 (1997).

In this case, Plaintiffs also has standing as stockholders of GTII to protect its assets from Management's delinquent disclosures,<sup>78</sup> fraud;<sup>79</sup> and ongoing self-dealing, conversion, and waste.<sup>80</sup> Indeed, Management has put GTII in immediate, imminent danger of being delisted by the OTC, or worse, potential regulatory action by the SEC.<sup>81</sup> And Management has grossly mismanaged the Company by personally enriching themselves at the expense of GTII and its stockholders, converting Company assets, and issuing shares to benefit themselves, family members, friends, affiliates, and other related parties.<sup>82</sup>

Further, Management's failure to make required Exchange Act disclosures, and their "recurring inaccuracies or concealment in disclosures" only further exacerbate this imminent risk of GTII being delisted or being subject to regulatory action by the SEC.<sup>83</sup> Notably, the loss of value and tradability of GTII's stock jeopardizes GTII's financial ability to engage in acquisitions and continue as a going concern (i.e., meet its obligations). Plaintiffs' interests as stockholders are directly tied to the value and tradability of GTII's shares, which Management has continued to dilute and de-value. Thus, the only viable option at this point is to appoint a receiver to take control, protect GTII from its Management, and take immediate, corrective action with respect to GTII's delinquent SEC disclosures.<sup>84</sup>

2. **Appointment of a receiver is appropriate in light of Management's gross mismanagement, fraud, collusion, waste, and illegal conduct.**

Second, appointment of a receiver is appropriate in light of Management's misconduct. NRS 78.650(1) permits the Court to appoint a receiver for a corporation when:

- (b) Its trustees or directors have been guilty of fraud or collusion or gross mismanagement in the conduct or control of its affairs. . . [or]
- (c) The assets of the corporation are in danger of waste, sacrifice or loss through attachment, foreclosure, litigation or otherwise. . .

The Nevada Supreme Court held that where a stockholder has alleged sufficient circumstances listed in NRS 78.650, (any one of which authorizes the Court to appoint a receiver), that was sufficient to justify the appointment of receiver. *Transcontinental Oil Co. of Nev. v. Free*, 80 Nev. 207, 210-11, 391 P.2d 317, 319 (1964); *Medical Device Alliance, Inc. v. Ahr*, 116 Nev. 851, 862-63, 8 P.3d 135, 142 (2000) abrogated on other grounds by *Costello v. Casler*, 127 Nev., Adv. Op. 36, 254 P.3d 631, 634 n. 4 (2011).

Here, Plaintiffs have established sufficient facts supporting appointment a receiver under NRS 78.650(1), subsections (b) and (c). Specifically, Plaintiffs have established, among other things, that Management:

- 1 • Has grossly mismanaged the Company by (a) failing to file required disclosures,  
2 (b) causing the Company to be delinquent with the OTC and SEC, and (c) violating  
3 securities laws and regulations.<sup>85</sup>
- 4 • Has grossly mismanaged the Company by (a) filing materially false, misleading,  
5 and incomplete disclosures; and (b) intentionally omitting material information  
6 from its disclosures.<sup>86</sup>
- 7 • Has grossly mismanaged the Company by (a) personally enriching themselves at  
8 the expense of GTII and its stockholders, (b) converting Company assets, and (c)  
9 issuing shares to benefit themselves, family members, friends, affiliates, and other  
10 related parties.<sup>87</sup>
- 11 • Has put GTII in immediate, imminent danger of being delisted by the OTC, or  
12 worse, potential regulatory action by the SEC.<sup>88</sup>

13 These facts have only been buttressed by the OTC's finding that Management has engaged in a  
14 continued pattern of fraudulent behavior and material omissions to the public.<sup>89</sup> Even after  
15 stockholders made specific demands to take corrective action, Management has refused to file its  
16 delinquent SEC disclosures, and refused to return or cancel the \$98 million dollars of stock they  
17 stole in 2023.<sup>90</sup> Management has been repeatedly warned by Plaintiffs, but Management has *still*  
18 failed to comply with disclosure requirements, address its false financials, and continues to ignore  
19 their fraudulent self-dealing and related party transaction. Management instead has continued to  
20 engage in continued insider transactions with information not yet available or known to the public  
21 and shareholders.

22 In a word, it is beyond dispute that GTII's assets, as well as the stockholders' interest in  
23 GTII, are in danger of being irretrievably lost through the fraud, collusion, and malfeasance of  
24 Management. Accordingly, appointment of a receiver is necessary in this case.

3. **Management is disqualified from serving as receiver.**

Finally, Management's conduct has disqualified themselves from serving as receiver. Under NRS 78.650(4), directors or trustees who have not been guilty of negligence or an active breach of duty are preferred as an appointed receiver. Unfortunately for GTII and its stockholders, it is not one member of the Management team, but the entire Management team who has been guilty of fraud, collusion, and malfeasance.<sup>91</sup> Management's continued pattern of fraudulent behavior and material omissions to the public have shown to constitute a systemic pattern infecting the entire Management team.<sup>92</sup> As such, any member of the current Management team must be precluded from serving as the appointed receiver under NRS 78.650(4).

For the same reasons, and in light of the fraudulent financials, disclosures, and omissions by the current Management team, a receiver with public reporting experience will be necessary to remedy GTII's financial disclosures.<sup>93</sup> The appointed receiver will need to consult with outside professionals, including securities counsel, to avoid further damage to GTII and its stockholders under federal and state securities laws.

10. Here, the only Management member that is arguably qualified to remedy the financial deficiencies is GTII's CFO, Mr. Reichman. However, Mr. Reichman is perhaps the most flagrant perpetrator of the ongoing fraud. Indeed, Mr. Reichman has been engaged in rampant self-dealing and related party transactions benefit Mr. Reichman personally and his family.<sup>94</sup> And as noted above, millions of shares of stock have been issued Mr. Reichman's personal masseuse, his daughter, his family trusts, his girlfriend in Beverly Hills, and his Bentley mechanic.<sup>95</sup> These do not even include Mr. Reichman's self-dealing and conversion in the ICO Transaction and

1     Bruk/Kirzhner Transactions.<sup>96</sup> Tellingly, Management has even Management admitted that their  
2     stock issuances were made “erroneously[.]”<sup>97</sup>

3             Moreover, it is Mr. Riechman that either directed or facilitated Management’s decision to  
4     make false representations and omit material information from GTII’s disclosures.<sup>98</sup> This is  
5     because accuracy of GTII’s financial disclosures must be certified by GTII’s Chief Executive  
6     Officer and Chief Financial Officer, Mr. Reichman.<sup>99</sup> The only check on this was GTII’s sham  
7     Auditor, hired by Management, who the SEC has since charged with fraud.<sup>100</sup> Therefore, allowing  
8     a member of the GTII Management team to control GTII as a receiver would simply defeat the  
9     purpose of having a receiver and exacerbate the threatened irreparable harm to GTII. Accordingly,  
10    the members of Management cannot be appointed by this Court to serve as the receiver.

11             **B.     A TEMPORARY RESTRAINING ORDER SHOULD BE ISSUED TO**  
12             **PROTECT GTII FROM MANAGEMENT DURING THE TRANSITION.**

13             NRCPP 65(b)(1)(a) permits the Court to issue a temporary restraining order (“TRO”) if the  
14     facts show “immediate and irreparable injury, loss, or damage will result to the movant before the  
15     adverse party can be heard in opposition.” *Hamm v. Arrowcreek Homeowners Assoc.*, 124 Nev.  
16     Adv. Op. 28, 5 11.15,183 P.3d 895, 901 n. 15 (2008) (quoting *Dixon v. Thatcher*, 103 Nev. 414,  
17     415-16, 742 P.2d 1029, 1029-30 (1987)). NRCPP(b)(1)(b) also requires the movant’s attorney to  
18     “certify in writing any efforts made to give notice and the reasons why it should not be required.”  
19     An injunction may be issued “to preserve the status quo” if the party seeking the injunction enjoys  
20     a reasonable likelihood of success on the merits, and that the party will be subjected to irreparable  
21     harm if the injunction is not issued. *Pickett v. Comanche Construction, Inc.*, 108 Nev. 422, 426,  
22     836 P.2d 42, 44 (1992) (citing *Dixon*, 103 Nev. at 415-16, 742 P.2d at 1029-30.

28             <sup>100</sup> Ex. 10.

1 Indeed, a TRO may be granted when a party is at risk of its assets being disposed of by the  
2 other party before the case can be resolved by the court. For example, in a dispute over the sale of  
3 a business, the purchaser of a business "sought a temporary restraining order prohibiting [the seller]  
4 from selling the repossessed business to a third party." *Herup v. First Bos. Fin., LLC*, 123 Nev.  
5 228, 230, n. 1, 162 P.3d 870, 871, n. 1 (2007). Moreover, the Nevada Supreme Court has held a  
6 shareholder may appropriately request injunctive relief to restrain the corporation from taking  
7 some action that would result in "great or irreparable injury to the corporation." *Sherman v. Clark*,  
8 4 Nev. 138, 143 (1868).

9 Here, given the facts at hand, it is appropriate for the Court to issue a temporary restraining  
10 order to protect Plaintiffs, GTII, its shareholders while the receiver takes control over GTII.

11 1. **Plaintiffs, GTII, its other shareholders will suffer immediate, severe**  
12 **and irreparable harm unless GTII and its Management are enjoined**  
13 **from further issuances, transfers, and further fraudulent disclosures**  
14 **and omissions.**

15 First, Plaintiffs, GTII, and its shareholders, including those who purchased interests in the  
16 public market, will suffer immediate, severe and irreparable harm unless the temporary restraining  
17 order is issued to prevent further transfers of GTII shares, prevent further injury to GTII's assets,  
18 and to prevent further fraudulent disclosures and material omissions by GTII's Management team.  
19 Failure to issue the injunction will allow Management the opportunity to continue transferring  
20 shares to themselves, further jeopardize GTII's assets through the self-dealing and conversion and  
21 cause even more injury to GTII. Moreover, failure to issue the injunction will allow Management  
22 the opportunity to sell the tens of millions of shares of GTII stock they have issued to themselves  
23 or to related entities based, thereby further diluting the interests of Plaintiffs and the other GTII  
24 shareholders, including those who have acquired shares in the public market.

25 Under Nevada law "acts committed without just cause which unreasonably interfere with  
26 a business or destroy its credits or profits, may do an irreparable injury and thus authorize issuance  
27 of an injunction." *Sobel v. Capital Management Consultants, Inc.*, 102 Nev. 444, 446, 726 P.2d  
28 335, 337 (1986) (quoting *Guion v. Terra Marketing of Nevada, Inc.*, 90 Nev. 237, 240, 523 P.2d  
847, 848 (1974)). Here, Management has already caused GTII to be delinquent with the SEC,

MARQUIS AURBACH  
10001 Park Run Drive  
Las Vegas, Nevada 89145  
(702) 382-0711 FAX: (702) 382-5816

1 thereby jeopardizing its listing with the OTC and subjecting it to potential regulatory action.<sup>101</sup>  
2 What is worse, instead of disclosing the material facts or associated with their related party  
3 transactions and self-dealing, Management has been selling GTII shares into the market, with  
4 advantage of the truth.<sup>102</sup> This has (and will continue) to unavoidably cause damage to GTII's  
5 existing shareholders and will cause irreparable harm to GTII's shareholders and prospective  
6 investors who fatefully decide to invest in GTII by purchasing shares in the open market.

7 In addition, the Nevada Supreme Court has held a shareholder may appropriately request  
8 injunctive relief to restrain the corporation from taking some action that would result in "great or  
9 irreparable injury" to the corporation. *Sherman*, 4 Nev. at 143; *Hettel v. First Judicial District*  
10 *Court*, 30 Nev. 382, 388-89, 96 P. 1062, 1063 (1908) (explaining that equitable relief may be  
11 appropriate to protect the interests of the corporation pending a hearing).

12 Here, injunctive relief is necessary to prevent Management from continuing to issue and  
13 sell shares of GTII stock to themselves at the expense and injury to GTII's existing shareholders.  
14 Once GTII has notice that Plaintiffs are moving to appointment a receiver, Management, on behalf  
15 of GTII, will immediately transfer more GTII shares to themselves, further encumber assets of  
16 GTII, immediately cause GTII to issue additional shares of GTII to themselves or to entities they  
17 control—thereby further diluting the interests of Plaintiffs and GTII's existing shareholders. It is  
18 therefore necessary for the Court to issue a temporary restraining order to protect GTII and its  
19 shareholders while the receiver takes control.

20 **2. Plaintiffs will likely prevail on their claims against Management.**

21 Second, given the facts at hand, it is likely that Plaintiffs will prevail on their claims,  
22 including for the appointment of a receiver. As further discussed above, NRS 78.650(1) permits  
23 the Court to appoint a receiver for a corporation in situations such as these. Also, as set forth above,  
24 Plaintiffs have alleged facts supporting the need to appoint a receiver under NRS 78.650(1),  
25

26 \_\_\_\_\_  
27 <sup>101</sup> Hoffman Decl. at ¶15.

28 <sup>102</sup> See Ex. 6.

1 subsections (b) and (c). Specifically, Plaintiffs have established, among other things, that  
2 Management:

- 3 • Has grossly mismanaged the Company by (a) failing to file required disclosures, (b)  
4 causing the Company to be delinquent with the OTC and SEC, and (c) violating securities  
laws and regulations.<sup>103</sup>
- 5 • Has grossly mismanaged the Company by (a) filing materially false, misleading, and  
6 incomplete disclosures; and (b) intentionally omitting material information from its  
disclosures.<sup>104</sup>
- 7 • Has grossly mismanaged the Company by (a) personally enriching themselves at the  
8 expense of GTII and its stockholders, (b) converting Company assets, and (c) issuing shares  
to benefit themselves, family members, friends, affiliates, and other related parties.<sup>105</sup>
- 9 • Has put GTII in immediate, imminent danger of being delisted by the OTC, or worse,  
potential regulatory action by the SEC.<sup>106</sup>

10 And these facts have only been buttressed by the OTC's finding that Management has engaged in  
11 a continued pattern of fraudulent behavior and material omissions to the public.<sup>107</sup> In a word, it is  
12 beyond dispute that appointment of a receiver is appropriate in this case.

13 Further, the need for the appointment of a receiver is made even more urgent by  
14 Management's recent failure to remedy its delinquent and fraudulent disclosures, failure file a  
15 Form 10-Qs regarding current financial position, and Management's transfers of GTII shares to  
16 themselves. This will have the immediate effect of continued harm to existing holders of  
17 outstanding shares as well as investors that could be buying GTII shares right now. Accordingly,  
18 it is highly likely that Plaintiffs will prevail on their claims against Management, including their  
19 claim for the appointment of a receiver, and a temporary restraining order should be issued to  
20 protect GTII's assets and stockholders during that transitional period.

1                   **3.     The balance of hardships favors Plaintiffs.**

2           Third, another factor considered in determining the propriety of injunctive relief is balance  
3 of the hardships. In this case, the balance of the hardships heavily favors Plaintiffs. Management  
4 has already caused GTII to issue fraudulent financial disclosures, omit material information to the  
5 public and shareholders, and caused net operating losses exceeding \$96 million dollars over the  
6 last two years.<sup>108</sup> Management's actions have endangered GTII's ability to continue to raise capital  
7 on capital markets, caused it to violate federal laws, and caused it to suffer serious financial  
8 losses.<sup>109</sup> Thus, any further transfers or disclosures by GTII pertaining to GTII's assets will result  
9 in immediate and irreparable harm to GTII, its shareholders, and uninformed investors.

10           Moreover, if Management continues to issue GTII shares to themselves, Plaintiffs and  
11 GTII's shareholders, including those who have acquired shares in the public market, will have  
12 their interests further diluted.<sup>110</sup> The fact that Management is more concerned in transferring and  
13 selling their own shares than disclosing the truth in their financials to the public is telling.<sup>111</sup> On  
14 the other hand, the harm – if any – suffered by Management in being restrained temporarily from  
15 issuing new shares of stock, selling their existing stock, paying executive bonuses or disposing of  
16 assets (other than in the regular course of business) pending the appointment of a receiver will be  
17 negligible, measurable and subject to remedy at law.

18                   **4.     A TRO should be issued to preserve the *status quo* until a receiver is**  
19                   **in place.**

20           Fourth, injunctive relief is appropriate to preserve the *status quo* pending an adjudication  
21 of a claim. *Number One Rent-A-Car v. Ramada Inns. Inc.*, 94 Nev. 779, 780-81, 587 P.2d 1329,  
22 1330 (1978). Here, the *status quo* can be maintained only by issuing a temporary restraining order  
23 enjoining Management from issuing any new shares of stock, selling their existing stock, and

28 <sup>111</sup> Ex. 1.

1 disposing of any assets (other than in the regular course of business) while this Court's receiver  
2 can take control and take corrective action with respect to the financial reporting.

3 **5. The security for the temporary restraining order should be *de***  
4 **minimus.**

5 Finally, NRCP 65(c) gives the Court has great discretion in setting the amount of the  
6 security required for a temporary restraining order. As discussed above, Plaintiffs are likely to  
7 succeed with their request for the appointment of a receiver. If this Court issues the temporary  
8 restraining order, but thereafter ultimately determines that the appointment of a receiver is not  
9 warranted and dissolves the injunction, GTII will suffer no injury other than costs and attorneys'  
10 fees incurred in appearing in this action. Plaintiffs therefore request that the Court set the bond  
11 amount at Five Thousand Dollars (\$5,000).

12 **C. THIS IS AN APPROPRIATE CASE FOR APPOINTING A RECEIVER  
AND ISSUING A TEMPORARY RESTRAINING ORDER *EX PARTE*.**

13 The Supreme Court of Nevada has held that *ex parte* motions for equitable relief are  
14 permissible in emergency situations. *Dangberg Holdings Nevada, LLC v. Douglas County*, 115  
15 Nev. 129, 146, 978 P.2d 311, 322 (1999); *see also Robinson v. Ocwen Loan Servicing, LLC*, No.  
16 2:10-CV-321 JCM, 2010 WL 2834895, at \*2 (D. Nev. July 16, 2010). NRCP 65(b)(1) expressly  
17 contemplates the issuance of a temporary restraining order without notice if: (A) it clearly appears  
18 that immediate and irreparable injury, loss, or damage will result to the applicant before the adverse  
19 party or that party's attorney can be heard in opposition, and (B) the applicant's attorney certifies  
20 to the court in writing the reasons notice should not be required. *Dangberg*, 115 Nev. at 146, 978  
21 P.2d at 322.

22 Here, the Declaration of Alexander K. Calaway, Esq. set forth above provides the reasons  
23 for the Motion being brought *ex parte*:

24 GTII's delinquent filings are required under Section 13(a) or 15(d) of the Securities  
25 Exchange Act of 1934 ("Exchange Act"), and GTII's current management,  
26 defendants David Reichman, Kathy M. Griffin, Frank Benintendo, Donald Gilbert  
(collectively "Management"), and I am informed that Management has failed and  
27 otherwise refused to make these required disclosures. Thus, Management has put  
GTII at immediate, imminent risk of being delisted and potential regulatory action.

28 . . .

1 In the last 48 hours, the OTC has issued a final warning on GTII's public profile  
2 that GTII will be delisted if its disclosures are not made. Plaintiffs have sent  
3 multiple demands to Management, warning them of their failures, but Management  
4 has failed and otherwise refused to take corrective action on behalf of GTII. I have  
also personally made efforts to give Management notice and of this action and the  
instant motion by directly emailing their securities counsel, Warren Markowitz,  
Esq.<sup>112</sup>

5 Mr. Calaway's declaration also sets forth counsel's efforts to give GTII and its counsel notice  
6 under NRCP 65(b)(1)(B). Thus, it is appropriate to immediately appoint a receiver and issue a  
7 TRO *ex parte* to protect the assets and stock of GTII under NRCP 65(b).

8 **D. MR. STRICKLAND SHOULD BE APPOINTED AS RECEIVER AND**  
9 **CHARGED WITH TAKING IMMEDIATE CORRECTIVE ACTION**  
**WITH RESPECT TO GTII'S DELINQUENT FILINGS.**

10 Finally, Plaintiffs request that Mr. Strickland be appointed as receiver of GTII, who is  
11 prepared to take immediate corrective action with respect to GTII's delinquent filings. As set forth  
12 in his declaration, Mr. Strickland is highly qualified, competent, prepared, and equipped to serve  
13 as receiver of GTII.<sup>113</sup> Mr. Strickland has two decades of international business experience within  
14 the finance, entertainment, private equity, agriculture, mining, manufacturing, and technology  
15 sectors.<sup>114</sup> Since 2013, Mr. Strickland has served as a board member of public and private  
16 companies in North America and Asia.<sup>115</sup> Mr. Strickland also serves as an officer and sits on the  
17 board of several OTC publicly traded companies across a wide variety of sectors, focusing on  
18 restructuring activities and corporate governance issues.<sup>116</sup> In leading these companies, Mr.  
19 Strickland has successfully recovered over \$14 million dollars in creditor assets and brought these  
20 companies back into compliance with SEC reporting requirements.<sup>117</sup> At the Plaintiffs' request,

1 Mr. Strickland has already assembled a team of auditors and securities counsel to assist him with  
2 taking immediate corrective action with respect to GTII's delinquent filings.<sup>118</sup>

3 **IV. CONCLUSION**

4 For the above-stated reasons, Plaintiffs request the Court enter an *ex parte* order: (a)  
5 appointing Plaintiffs' receiver to take control of GTII, to take immediate, corrective action with  
6 respect to GTII's delinquent filings; and (b) temporarily restraining Management as further set  
7 forth herein.
